

BIO CHISEL PASTE

Think Green

Epiroc Bio chisel paste is a breakthrough product of the year for the construction and mining industry. The product is approved from the European commission for usage in environmental sensitive applications. The formulation is based on special synthetic esters that are easily biodegradable.

The grease is specially made for hydraulic breakers for lubricating the wear bushings

to avoid both wear as well as working tool breakage.

Inside the hydraulic breakers, the ambient working temperature reaches up to 1100°C under extreme load. The standard greases available in the market are suitable for use in bearings BUT they liquefy and disappear at high temperatures. Without adequate greasing, the parts suffer accelerated wear, thereby increasing the cost of operation.

**United in performance.
Inspired by innovation.**

epiroc.com

- + Excellent performance at high temperature**
- + Tailor made for breakers**
- + Less wear**
- + Long tool life**
- + Reduced cost of operation**

Lubricate at regular intervals. Do not over lubricate. Reposition tool at regular intervals to avoid overheating.

Features

- Tailor made for hydraulic breakers
- Wide operating temperature range -30°C up to +1100°C
- High load carrying capacity
- High water resistance
- Excellent corrosion protection
- Very good separation capacity

Benefits

- Suitable for environment sensitive applications & under water applications
- Excellent performance at very high temperature
- Reduced cost of operation due to less wear and less working tool breakage

EU Ecolabel: DE/027/243

- EU Certified grease with Eco Label

Bio chisel paste

Cartridges/Buckets	Use
 150g/5.3 oz cartridges	For automatic lubrication in Epiroc breakers fitted with ContiLube™ II Micro. Refillable.
 400g /14 oz cartridges	For manual greasing with a grease gun in all breakers, including handheld hydraulics, from all brands.
 500g /17.6 oz cartridges	For automatic lubrication in Epiroc breakers fitted with ContiLube™ II and manual greasing with a grease gun. Refillable.
 15 kg/33.1 lbs buckets	For manual greasing with a grease gun or for refill of ContiLube™ II cartridges.
 45 kg/99.2 lbs buckets	For manual greasing with a grease gun or for refill of ContiLube™ II cartridges.
